

Metro Washington Chapter

Management Education Seminar

BLUEPRINT READING

Want to take the mystery and confusion out of working with and reading blueprints? Our drafter-designer is not only going to teach you blueprint reading, but will provide you with efficient, accurate, and knowledgeable practices and procedures for gathering information, estimating, and understanding a construction project. You will learn the "why" and "how" of construction plan preparation. You will also be provided with a binder full of practical information you will refer to again and again.

This 30 hour class will cover various subjects including:

- **Construction Overview**
- **Construction Documents and Working Drawings**
- **Drawings, Symbols, Dimensioning, Calculations**
- **Civil/Site Drawings: Grade/Slope Calculations**
- **Architectural Drawings: Sections & Details, Doors & Windows**
- **Structural Drawings: Footings & Foundations, Concrete & Steel**
- **Mechanical & Electrical Drawings**
