The ABC Maryland Joint Legislative Committee is sponsoring a Legislative Day in Annapolis. The purpose of the program is to allow ABC members the opportunity to meet with elected officials to discuss the ABC legislative agenda and other issues of importance to the industry.

The program will commence with an opening breakfast session. Dennis McCoy, Lisa Harris Jones, and Sean Malone will brief members on those issues of critical importance to the construction industry before leaving for their visits.

Immediately after the breakfast, ABC members will visit Delegates and/or Senators in pre-arranged meetings to push forward the ABC legislative agenda.
