WCS Construction Breaks Ground on New Jersey at H

Washington, DC (February, 2015) – **WCS Construction, LLC** has broken ground on New Jersey at H, 800 New Jersey Avenue, SE an 11 story luxury apartment building on top of a Whole Foods supermarket located 1 block from the Navy Yard Metro station with direct views of the U.S. Capitol.

Designed by SK+I Architectural Design Group, LLC the 336 unit 400,473 gross square foot building will not only provide housing and a ground floor Whole Foods supermarket but will include a 3 story entrance lobby, commercial kitchen for cooking demonstrations with master chefs, a fitness area, rooftop pool, retail and three 66,193 square foot underground parking levels with two 43,000 square foot elevated decks of parking for the grocer.

LEED Silver level certification is targeted with a projected completion date fourth quarter 2016.

About SK+I Architectural Design Group, LLC

SK+I is a collaborative design studio that initiates each project with creativity and focused inspiration to produce exceptional works of architecture. We listen and respond by bringing vision to client ideas. SK+I strives to surpass every expectation. Our clients are our partners and we work as a team to create built environments that enhance urban communities and maintain market expectations. Our principals are leaders in the building industry and have brought together a diverse group of talented professionals who manage a variety of projects including commercial, office, residential, and mixed-use communities. Each member of the firm brings a unique set of experiences, talents, and passions to the design process. By understanding the communities where we live and work, SK+I creates innovative and sustainable architecture. To learn more about SK+I, please visit
