Lend Lease Starts Construction on Trump International Hotel, Washington, D.C.

January 28, 2015

(Washington, DC) Lend Lease, one of the world's largest property, infrastructure and construction management firms, has been selected by The Trump Organization to provide Construction Management Services for Trump International Hotel, Washington, D.C. Demolition began in September, commencing the \$200 Million redevelopment of The Old Post Office into what will be one of the newest additions to the rapidly growing Trump Hotel Collection. The transformation of the iconic national landmark on Pennsylvania Avenue, which will preserve the architectural character and integrity of the building, is scheduled to be complete in mid-2016.

Trump International Hotel, Washington, D.C. will feature 272 richly furnished guestrooms, averaging more than 600 square feet, making them the largest in Washington, D.C., with lofty 16-foot ceilings, soaring windows, beautifully restored historic millwork, and glittering crystal sconces and chandeliers. In addition, two extraordinary Presidential Suites will be located in the historic former offices of the Postmaster General. At 3,500 and 5,000 square feet, the three-bedroom suites will be among the largest in the country. The hotel will also offer a total of 36,000 square feet of meeting and event space, including the opulent 13,000 square foot Grand Ballroom, and a 5,000 square foot super luxury spa and state-of-the-art fitness center.

"Given the historic nature of the Old Post Office building, and its subsequent preservation requirements, we will be utilizing the best of the best when selecting and awarding the subcontractors for the Trump International Hotel, Washington, D.C. We are elated to be a part of this iconic project!" Steve Conley, EVP, Principal in Charge of the Washington DC office of Lend Lease.

The Trump Organization and Lend Lease have a longstanding relationship and have collaborated on some of the most high profile projects in the real estate and construction industries. To date, Lend Lease has served as the construction manager for the Trump International Tower and Hotel in Chicago, Trump SoHo, Trump Place at Riverside South, and Trump World Tower in New York.

"I am pleased to be working with Lend Lease again," said Donald J. Trump. "We have had great success in the past and I am sure the final result of Trump International Hotel at the site of the Old Post Office will be no different. We are already ahead of schedule."

The Washington DC Office of Lend Lease has been operating successfully since 1984, and is currently managing over \$450 million worth of construction in the Metropolitan area. The office provides a full range of construction services including construction management, general contracting, program management, project management, design/build, and consulting services. The office's core market sectors consist of commercial office, mixed-use, education (university and K-12), healthcare, federal government, cultural, multi-family residential, retail, hospitality, and historic preservation.

About Lend Lease:
