Ruppert Landscape Opens New D.C. Landscape Management Branch Office

Laytonsville, MD – Ruppert Landscape has announced the opening of a new office for the D.C. Landscape Management branch.

The branch initially opened in March of 2015, operating out of the Forestville, MD Landscape Management branch office until a permanent location was found in the D.C. metropolitan area. The new branch office will be located at 8800 Brookville Road in Silver Spring, MD.

“By opening a new branch in a metropolitan area like D.C., our teams will be able to reach their job sites quicker, thus enabling us to be more responsive to our customers and provide better service,” said Phil Key, President.

This branch joins 17 existing branch offices that are located in Maryland, Virginia, Pennsylvania, Georgia and North Carolina, supporting both the landscape construction and landscape management divisions of the company. Key describes the opening of the D.C. branch as right in line with the company’s five-year plan. “We are fortunate to be in a position to expand with a new branch location and provide growth opportunities for our employees.”

Ruppert Landscape, a family and employee-owned business, provides commercial landscape construction and management with 18 branch offices serving seven primary markets in Philadelphia, Baltimore, Washington D.C., Richmond, Raleigh, Charlotte and Atlanta. The company has a long-standing tradition of growing its team and giving back to the community. Visit us at www.ruppertlandscape.com.
