Welcome Additions at WCS Construction, LLC

Washington, DC (March, 2015) – WCS Construction, LLC is pleased to announce several new additions to the company.

Cris Shaw joins WCS as a Project Executive with over 23 years of experience in the local construction market including estimating, project management, site supervision, procurement of new work, and operations management. The types of projects he has overseen and managed include multi-family residential apartments and condominiums, retail, mixed-use, senior living and commercial office projects. Prior to starting his career in construction, he served in the U.S. Air Force as a United States Presidential Honor Guardsman and is a Desert Storm Veteran. Cris is graduate of the University of Maryland University College. In 2013 he received the Sid Foulger VIP Award. He has also been honored as PROS Best Project Manager in the Multifamily Category by the Maryland National Capital Building Industry Association. We are proud to have Cris as a part of our Pike and Rose Block 6 project team.

Robert Munson has joined WCS as a Project Manager. A graduate of James Madison University, B.S. Integrated Science and Technology degree with a concentration in Energy, Rob has over 11 years in the local construction market. He has performed in several aspects on the jobsite from carpenter in his early years to field engineer, assistant superintendent, superintendent and project management. The types of projects he has overseen and managed include multi-family residential apartments and condominiums and commercial office projects. We are proud to have Rob as part of our New Jersey at H project team.

Maggie Finamore has joined WCS as a Project Manager with over 20 years of experience in the local construction market. A graduate of the construction management program at Montgomery College, the types of projects Maggie has managed include multi-million dollar base building, tenant fit-out, and task order commercial construction projects. We are proud to have Maggie as a part of our Reserve at Tinner Hill project team.
