An 8(a) Certified Company

AMGC Restructures Executive Team and Forms Federal and Commercial Business Units

Gaithersburg, MD, April 1, 2016 – AMGC, an 8(a) certified General Contractor serving the MD/DC/VA region, announced last week the formation of the AMGC Federal Division and the AMGC Commercial Division. **Mr. Chris Brown** has been appointed as Vice President and General Manager of the Federal Division, while **Mr. Tito Torres** has been appointed Vice President and General Manager of the Commercial Division. Additionally, **Mr. Dennis Windley** has been appointed Executive Vice President of AMGC, responsible for Marketing and Business Development, as well as the Mentor/Protégé and Teaming Programs.

Under the direction of Mr. Brown, the AMGC Federal Division will focus on providing solutions to the Federal Government through directed and non-directed 8(a) work, as well as through both current and future strategic partnering relationships with other contractors. Chris brings over 20 years Management and Contracting experience to AMGC through working for major players in the construction industry as well as having owned and operated his own Construction company for over 10 years.

Under the direction of Mr. Torres, the AMGC Commercial Division will continue to focus on commercial and residential projects. As a Certified Minority Business Enterprise (MBE), the Commercial Division will continue to service Universities, Schools, Court Houses, MDOT, HOC and other Maryland State Clients. Tito is co-founder of AMGC. In addition to his expertise in Customer Relations, Capture Management and Operations, Tito is an Army Veteran and served as an Automated Logistics Specialist.

As Executive Vice President, Mr. Windley will manage the Marketing and Business Development efforts for AMGC, as well as the Mentor/Protégé and Teaming Programs. Dennis will draw upon over 25 years of experience in Corporate Branding, Strategic Planning, Business Development and Marketing. He has held Executive positions at Lockheed Martin and Unisys, as well as having owned his own business.

About AMGC

Operating since 2009, AMGC is an 8(a) certified General Contractor, specializing in Interior Restoration and Renovation and Tenant Fit out. They have provided technically sound and cost effective solutions to a variety of clients, such as the Department of Energy, The General Accountability Office (GAO), University of Maryland, Fort Belvoir, Montgomery County Public Schools and American University. They have a solid reputation of proposing a technically sound and cost effective solution and delivering exactly what they promise, through a combination of superior Project Management and Best Business Practices.
