ABC OF METRO WASHINGTON MEMBERSHIP APPLICATION

Associated Builders and Contractors (ABC) of Metro Washington is the voice of the construction industry in the DC area. ABC is a nationwide trade association representing the entire construction team – general contractors, specialty contractors, material and equipment suppliers, and related professional firms. ABC’s membership is over 25,000 strong nationally and over 500 strong locally, and comprised primarily of firms that work in the industrial and commercial sectors of the industry.

ABC’s objective is to protect free enterprise and promote the merit shop philosophy, to help members train their workers and grow their business, and to deal with issues on an industry-wide basis. ABC of Metro Washington’s activities encompass government representation, education, networking, committee activities, workforce development, recognition through national and chapter awards programs, employee benefits, informational publications, business development through contractor directories, and more.

Listed among Fortune magazine’s top 50 “most influential” national organizations, ABC is devoted to the advancement of the merit shop philosophy, which encourages open competition and a free enterprise approach that awards contracts based on merit regardless of labor affiliation.

When people think construction, they think ABC!

For more information, please call us at 301-595-9711, or visit our website at www.abcmetrowashington.org.

“Simply being included in the ABC of Metro Washington membership directory has proven to be a powerful tool for the growth of our business. I have received calls about business opportunities from several firms, both within and outside of the DC metro area, solely due to our ABC membership and directory listing. These firms told me how much they care about working with other ABC members, supporting those relationships and furthering the merit shop philosophy.”

“Shortly after starting my business, I ran into a family friend who was a member of ABC. She told me about the association and had me come to a few events as her guest. Everyone was so welcoming and encouraging that I decided to join. I have been a member for almost two years now, and my business has grown so much that I have had to hire two additional employees to meet the needs of my clients, who are all ABC members.”
