*Laytonsville, MD* – Ruppert Landscape recently promoted **Brian Kinsella** to lead the company's King of Prussia, Pennsylvania location as branch manager.

Kinsella attended Rowan College at Gloucester County and is a Certified Landscape Technician (CLT). He has been with the Ruppert organization for over 13 years, having joined right out of college as a crew member in the company's Toughkenamon location. He worked his way up to the level of enhancement manager and served in this role at both the King of Prussia and Toughkenamon locations at different times. He was recognized with the company's Branch Impact Award in 2018 for his dedication and contributions to the Toughkenamon team. In 2019, he took part in Ruppert's Associate Branch Manager leadership development program, which was designed to prepare talented team members to take on future opportunities. That opportunity arose in late 2020, as an opportunity presented itself in the King of Prussia branch with their existing branch manager, Tim Schofield, transitioning to the role of division project manager. As branch manager, Kinsella will be responsible for the overall welfare of the King of Prussia branch, including the safety and development of his team, strategic planning and budgeting, training, customer service, and day-to-day operations.

"Brian's success can be attributed to his strong work ethic and can-do attitude. He is already making a big impact in the branch by recruiting talent to strengthen his team, and we're excited to see him further develop and lead that team," said John Harich, region manager in the company's landscape management division.

Kinsella said, "I'm excited to take on this new opportunity and honored to lead a great group of men and women towards future success and growth in the King of Prussia market."

The King of Prussia location serves the northern Philadelphia, King of Prussia and Southern New Jersey region, including the Pennsylvania counties of Bucks, Montgomery, Berks, and Lehigh and the New Jersey county of Camden. This branch offers landscape management/contract services, including design and landscape enhancement, turf care, irrigation system management, pond and lake management, arbor care, snow and ice management, and holiday decorations.

**Ruppert Landscape**, a family and employee-owned business, has been an industry-leading provider of commercial landscape construction and management services for nearly 50 years. Headquartered in Laytonsville, Maryland, the company employs over 1700 people and serves customers from 27 branches in eight primary markets: Philadelphia, Baltimore, D.C., Richmond, Raleigh, Charlotte, Atlanta, and Houston. The company has a long-standing tradition of growing its team and giving back to the community. Learn more at [www.ruppertlandscape.com](http://www.ruppertlandscape.com).
