ABC OF METRO WASHINGTON & ABC VIRGINIA PRESENT

EXCELLENCE IN CONSTRUCTION

2023 AWARDS CEREMONY.

EXCELLENCE IN CONSTRUCTION

2023 AWARDS CEREMONY

The annual Metropolitan Washington Excellence in Construction awards program honors the outstanding quality construction produced by members of Associated Builders and Contractors' (ABC's) Metropolitan Washington and Virginia chapters.

Teamwork and cooperation between general contractors, specialty contractors and material suppliers are prerequisites for building excellence in all construction projects. Tonight, we also honor members of the construction team by presenting Subcontractors of the Year Awards. General contractors from members companies contribute to the winners.

Through this annual awards program, ABC continues its commitment to quality construction in the Washington area. We want to thank all of those who have contributed to this year's competition, including the judges who volunteered their time, the companies that entered projects, their subcontractors and suppliers and, of course, all this year's winning contractors for their commitment to the pursuit of excellence in construction.
