**Chesapeake Contracting Group unveils new Baltimore County office in Owings Mills**  
***NEW space offers campus-like atmosphere, upgraded work areas and additional employee amenities***

BALTIMORE, MD- June 29, 2021- Chesapeake Contracting Group (CCG) announces the opening of their NEW Baltimore County office, located at 10065 Red Run Boulevard Owings Mills, Suite 230, Owings Mills, MD. Designed by architectural firm Design Collective, the 19,497-square-foot space occupies most of the second floor of the building and features upgraded, modern work spaces, a lounge complete with a plant wall and fireplace, over 30 offices, 20 work stations and six conference rooms as well as a multi-purpose training room. The black and red color scheme is complimented by contemporary furniture, open spaces, stone walls, natural wood features and glass partitions.

“Our new office space strongly reflects our vision of providing a superior client experience through our construction services while offering our associates an incredible place to work, equipped with the tools and technology needed to achieve success. Having been in our previous office for over 30 years, this needed change offers our associates a home-like environment where they can be collaborative,” said Frank Settleman, CCG President.

“We are proud and excited to welcome our associates back into the office but remain sensitive to the challenging and changing times. Therefore, we are working closely with our team members, providing flexibility in their schedules so our associates can do what’s best for them, their families, and our clients,” said Michael Ginsberg, Executive Vice President, CCG.
